May 1, 2020

Greetings!

We hope to find you all safe and healthy. As stated in our social media videos, posts and our previous statements, our number one concern is the safety of not only our staff, but you and your employee(s) as well. We have been closely monitoring the COVID-19 situation through Government agencies to ensure we are following factual and accurate information.

We wanted to reach out to you all to say, we are still here for you and to provide an update. The state of North Carolina is still under a shelter in place, but we have many ways we are thinking outside the box to assist during this difficult time in our country. The best method is to reach us via email to set up a call, or if needed, a video conference. There are many platforms we may use to assist via video conference.

We have made more significant changes to our Public Seminar schedule thru June to alleviate any concerns of traveling and abiding by the government regulations for reopening our country safely and efficiently. We have had discussions with the hotels to ensure they are also following the COVID-19 regulations during stays, training, and provided meals. Seminar updates may be found on our website using the link below.

Any individuals that have been directly affected by the seminars that were cancelled or rescheduled have been contacted. If you have not received a notification or in need to reschedule, please contact me via email.

We sincerely appreciate you and your business. Please continue to follow the guidelines presented by the CDC and stay safe. Additionally, please look to our website and social media for any updates. Please feel free to reach out to us for any assistance.

Stay safe and healthy,

Sarah Barrick
